Solve clues, find plates, and uncover a hidden story along the way.

Crack the case for a bonus surprise!

## Fort Custer Horse Friends Association Fall Campout

September 19th - 21st, 2025

CMO stands for Competitive Mounted Orienteering 🐾🗺️

The goal of CMO is simple: ride out, either as an individual or as a team, on a set course, find as many of the hidden Objective Stations as possible, and get back in the shortest time. You can choose between a 10-station long course or a 5-station short course. It's kinda like a treasure hunt on horseback!

The "hidden" stations are just plastic plates with a word written on them. You can either write down the entire word or just the underlined letters. Many of our events have a theme, so sometimes the word will relate to that theme! Such as our crime themed ride "WHODUNIT". Contact the ride managers for further questions about CMO.
